

Additional Information

My professional journey has equipped me with the skills and perspective needed to serve you in Claremont effectively. Over 14 years in senior finance and governance roles, I have managed complex budgets, implemented robust compliance frameworks and driven operational improvements in the resources sector and beyond. My time at the Office of the Auditor General gave me a unique insight into local government accountability, transparency and the importance of sound decision-making experience which I will bring to our Claremont Council.

Community service has always been central to my values. As Treasurer and Board Member for local not-for-profits, I have secured funding, developed governance policies and supported programs that deliver real outcomes for people in need. These roles taught me how to balance fiscal responsibility with community priorities - a principle I will uphold for you in Claremont.

Looking ahead, my focus is on delivering the priorities outlined in the Towns Strategic Community Plan:

- Environmental Stewardship - Protecting Lake Claremont and green spaces while promoting sustainable practices.
- Community Connection - Investing in facilities and programs that bring people together and strengthen our sense of belonging.
- Economic Vitality - Supporting local businesses and ensuring Claremont remains a thriving, attractive destination.
- Responsible Development - Managing growth in a way that respects our heritage and lifestyle.
- Transparency and Accountability - Ensuring open communication and prudent fiscal management in every decision.
- Community Safety - Supporting initiatives that reduce crime and antisocial behaviour, including enhanced lighting, active surveillance and collaboration with local safety officers to ensure Claremont remains a secure and welcoming place for all.

Claremont deserves strong governance and a clear vision for the future. Together, we can keep our town vibrant, safe, green and inclusive for generations to come.
