Project Update: Road Works Postponed Due to Weather Conditions

08 October 2026

Dear Resident,

Notification of works

The Town wishes to advise residents and road users that the scheduled road works at Gugerri street between Loch street and Chancellor street have been postponed due to unsuitable weather conditions.

Following an assessment of works program and weather forecasts, it has been determined that proceeding with the works at this time may compromise the quality and safety of the project.

The Town is currently reviewing alternative dates and will provide a further update once a revised construction program has been confirmed. A new notification letter will be distributed to residents and stakeholders prior to the commencement of works.

The Town has scheduled the remaining crossover works to be completed on Thursday, 15 October, between 9:00 am and 2:00 pm, subject to suitable weather conditions and site access.

We understand this may cause inconvenience and appreciate your patience and understanding.

If you have any questions regarding this project or would like further information, please contact me on 0409 725 062.

Thank you for your understanding.

Yours sincerely

Vinay Gupta
Project Officer
